

Upcoming LUNAR Launch: June 20th at NASA Ames

- No May 2nd launch at Snow Ranch. The grass is drying fast and no rain is forecast. Thanks again to the Orvis family for a terrific '08-'09 flying season.
- No May 16th launch at Ames, because the Collings Foundation WWII aircraft are visiting. Go to Ames that weekend and see a real B17, B24, and P51.
- June 20th, regular launch at Ames. See you there!

As always, check the LUNAR website (<http://www.lunar.org>) for updated launch information. Driving directions to Snow Ranch and NASA Ames launch sites are available on the LUNAR website.

Next LUNAR Club Meeting: The Space Shuttle

The next LUNAR Club Meeting will be held Thursday, May 21st, 7:30 PM. The topic is the Space Shuttle, presented by Mark Annis.

Meetings are held in Community Room B of the Livermore Public Library, 1188 South Livermore Avenue, Livermore, CA. See the LUNAR website for detailed driving directions.
