*As per the 2015 TARC Rules, a maximum of three teams from any single school or sponsoring organization will be invited to the Finals. If a school has more than three teams whose flight score is better than the cutoff score for Finals selection, they may adjust the membership of the

three best teams invited to attend the Finals to include students from other teams with scores that met the Finals cutoff, up to a limit of ten students on any single team. If this alternate is selected, the students on the team will become eligible to be combined onto one of the existing three teams from that school or organization and next ranked team will be selected as an alternate. This team will only be invited to compete at the Finals if a higher placed team from this school or organization is unable to compete.
